

Recycle your jewellery for charity!

Support your environment and raise hundreds or even thousands of pounds for a charity of your choice by sending us your **unwanted jewellery** for recycling.

Please post us any old or unwanted **gold and silver, costume jewellery and watches, even broken and damaged items** – Everything will be recycled. Perhaps you could start by mailing us all those odd earrings and snapped chains? Don't be afraid of letting valuable items go as all jewellery is carefully evaluated before it is recycled.

How it works:

Simply place your unwanted jewellery inside this envelope and post it **free of charge**.

If items are fragile please wrap them in tissue paper or bubble wrap. If you would like your charity to acknowledge receipt of your donation please enclose your name and address inside this envelope.

Thank You

This envelope will be recycled

Why recycle?
Recycling reduces the demand for raw materials, thereby reducing mining and quarrying worldwide. These activities are destroying the environment and wildlife habitats and causing health problems. All the jewellery you send us is recycled and turned into a donation for your chosen charity.
